

Matriculation Highlights Class of 2005

A great college preparatory school is just that, one that prepares students to move forward with their higher education academically and socially prepared for what lies ahead. Since 2001, Bosque School has seen 115 students graduate and move beyond the borders of our campus. These graduates were accepted to hundreds of colleges and universities around the country. With special one-on-one guidance, students at Bosque School carefully select the higher educational opportunity that is best for them. Students have gone on to study for careers in music, law, medicine, technology, education, politics and much more.

(bolded selections indicate final enrollment choices)

Academy of Art University	Notre Dame University
